ACE400

3" TRIMLESS IN-CEILING SPEAKER PAIR

60W • 8Ω • 120Hz - 20kHz • White

Ordering

Model ACE400 • Sold as a pair (2 speakers) • White, paintable magnetic grille • 10-year warranty

Add the OSD Audio ACE400 to every room in the house and still stay on budget. About the size of a recessed light can, this 3" trimless in-ceiling speaker pair brings clean, solid background music to the spaces where a larger speaker would be in the way - kitchens, hallways, bathrooms, closets, offices and covered areas inside the home.

About the Size of a Light Can

With a 4.5" cutout and a 5.62" outer diameter, the ACE400 fits small spaces where a bigger speaker would stand out.

Nearly Invisible Trimless Look

A micro-flange grille with a trim line of about .15" sits tight to the ceiling, held on by strong magnets.

Solid Sound for Background Music

A 3" polypropylene woofer covers 120Hz - 20kHz with 88 dB sensitivity.

Quick to Wire and Mount

Spring-loaded binding posts take bare speaker wire in seconds.

Sold As a Pair

Two passive 8-ohm speakers and two spray-paintable magnetic grilles, ready for a stereo pair or one zone of a whole-house system.
