ACE600

6.5" 2-WAY TRIMLESS IN-CEILING SPEAKER PAIR

120W • 8Ω • 50Hz - 20kHz • White

Ordering

Model ACE600 • Sold as a pair (2 speakers) • White, paintable magnetic grille • 10-year warranty

The OSD Audio ACE600 is a 6.5" two-way trimless in-ceiling speaker pair for whole-house music, TV sound and home theater surrounds. It gives you full, balanced sound from the ceiling while keeping floors, walls and shelves free of speaker boxes.

Music and TV Sound Without the Clutter

Put whole-house music, TV sound or home theater surrounds in the ceiling and keep speaker boxes off the floor and shelves.

Two-Way Sound

A 6.5" polypropylene woofer delivers solid bass and clear voices, while a 3/4" PEI dome tweeter adds crisp highs.

Long-Lasting Rubber Surrounds

Butyl rubber surrounds give the woofer deeper bass and a wider frequency response, and they last roughly twice as long as foam - about 25 years versus 12 to 15 - so the speakers keep sounding right.

Trimless Magnetic Grilles

The micro-flange grille is held on by strong magnets and sits close to the ceiling for a clean, flush look.

Easy Install, Sold As a Pair

Built-in dog-ear brackets lock to the ceiling as you tighten the front screws, and spring-loaded posts take bare wire.
