ICE800

8" 2-WAY IN-CEILING SPEAKER PAIR

140W • 8Ω • 40Hz - 20kHz • 87 dB

Ordering

Model ICE800 • Sold as a pair (2 speakers) • Paintable grille • 10-year warranty

The OSD Audio ICE800 is an 8" in-ceiling speaker pair with a pivoting tweeter and butyl rubber surround, for large rooms, home theater and commercial spaces.

Bigger Sound for Bigger Rooms

8 inch polypropylene cone woofer delivers fuller bass down to 40Hz, a smart choice for rooms over 140 square feet, open floor plans and home theaters.

Pivoting Tweeter

The 1/2 inch PEI dome tweeter can be aimed at the listening area for clearer vocals and better imaging in music, TV and movie setups.

140W Power Handling

87 dB sensitivity and 8 ohm impedance work with most stereo amplifiers, AV receivers and multi-zone systems; spring loaded terminals for quick wiring.

Built to Last

Butyl rubber surround gives better damping and up to twice the life of foam; a favorite with contractors for production homes and large commercial spaces.

Check the Fit

Needs a 9.06" cutout and 4.13" of clearance above the ceiling; the paintable grille is 10.25" across. Dog ear clamps, no brackets needed.

Specifications

Type	8" 2-way flush mount ceiling speakers
Woofer	8" polypropylene cone, butyl rubber surround
Tweeter	1/2" pivoting PEI dome
Enclosure	Infinite baffle design
Frequency Response	40Hz - 20kHz
