

## NERO STREAM WRA Outdoor Amp

Our NERO Stream WRA is a compact outdoor amplifier that combines the power of Class D amplification with the convenience of wireless streaming. This rugged amplifier is Bluetooth and WiFi enabled and can be placed anywhere there is access to an AC power outlet. Simply pair your cell phone or tablet to the NERO Stream WRA, download the free OSD Audio Player App and listen to iHeartRadio, Napster, Spotify or enjoy a podcast while relaxing in the sun. Up to four speakers can be connected to the NERO Stream WRA to create separate audio zones.
