XPA 1000 Commercial Amp

The XPA1000 is a professional grade 2-channel 70/100V amplifier that delivers up to 500 watts per channel to maximize the sound of an indoor or outdoor speaker system. Compact and energy-efficient, this rack-mountable commercial amp features Class D amplification technology that is extremely energy efficient but also capable of producing a powerful output signal for large, medium or small audio systems such as restaurants, meeting halls, sports venues and other spaces where multiple speakers are needed. Our affordable commercial amp includes two independent channels to ensure maximum performance and low distortion and is 70/100V switchable for jobs that require a cost-effective way of connecting multiple speakers over long distances.

SPECIFICATIONS

- Amplifier Type: Commercial 70/100V
- Amplifier Class: Class D
- Channels: Two
- Power Output: 500 W X 2 THD 1% (Rated Power)
- Signal to Noise: >90dB A Weighted
- Frequency Response: 20Hz - 22kHz +0/-2dB
- Adjustable Level Min - Max
- Balance & Unbalanced Inputs
- Fan Cooled

- 12V Trigger
- Loop Line Output
- Line Level Input Sensitivity 510mV
- Thermal Protection
- Short Protection
- Dimensions (W x H x D) 435mm x 44mm x 340mm
   17" x 1.7" x 13.4"
- Weight 4.2Kgs / 9.25lbs
- Warranty: 2 Years
