*White
or Black*

Make sure both your Bluetooth device and the BTP-525 are turned on.

To pair two Bluetooth enabled devices, both the Bluetooth Device and the BTP-525 must be turned on and fully powered or fully charged. Bluetooth controls are typically found in the device's Setting or Connections menu. The BTP-525 will output a Bluetooth Sync code that will be received by the Bluetooth Device. Settings such as Volume, Mute, etc., will be controlled directly from your Bluetooth phone, tablet or other device.

Only one connection at a time:

The BTP-525 syncs with only one device at a time. You must disconnect the current device before Syncing to another device.

FEATURES & SPECIFICATIONS

The OSD Audio AP650 Outdoor Patio Speaker Pair is the ideal solution for providing all your favorite tunes on a patio, deck or poolside. Designed to withstand all types of weather, they'll perform under the harshest conditions; they're even safe from pool chemicals. AP650 speakers come with matching mounting brackets that allow for 180-degree rotation. They feature 150-watt power handling, silicone-sealed internal cabinetry and a 6.5-inch polypropylene woofer. They're guaranteed to sound better than brands with a bigger price tag, as well.

True Audiophile Sound!

Guaranteed to sound better than much pricier brands, the AP650 patio speaker provides clear, dynamic sound with rich bass for medium open areas. Silk dome tweeters and molded woofers were chosen with the tweeters immune to the weather while delivering smooth "indoor" quality sound. Large weather-resistant ports add efficiency and additional 3dB of bass output. These patio speakers are ideal for medium size patios or outdoor areas (300 to 500 sq.ft), and you'll hear the build quality for which OSD speakers are famous.

- Mounting bracket is designed to mount either vertically or horizontally
- Available with 70V switch for commercial installations
- Gold-plated spring compression binding posts for optimum connectivity
- Sturdy ABS polymer frame
- Power-coated rust-resistant grille
